## 5 1/8" 10,000 psi WP Spherical Annular BOP

**\*\*\*\*INCREASE your margins by LOWERING your job costs\*\*\*\***

**~Significant reduction in setup time**

- compact and lightweight
- quicker adaption to BOP
- heats up expediently

**~Reduced capital/rental costs**

- Reduced hydraulic requirements allows for smaller, lower volume accumulator unit

**~Reduced maintenance costs**

- minimal maintenance required
- long lifespan of sealing element

**~Increased safety**

- Full CSO (Complete Seal Off) @ MRWP

**\*Short Delivery and Parts are in stock\***

### **Technical;**

#### **Dimensions;**

Height: 32" (811mm)  
Diameter: 31.75" (807mm)  
Weight: 4318 lbs (1959 kg)

#### **Fluid Volume:**

Full Close: 4.8 US Gal (18.2 L)  
Full Open: 4.1 US Gal (15.5 L)

**Bore:** 5 1/8"

**Top Connection:** 5 1/8" 10K studded with BX169 ring groove

**Bottom Connection:** 5 1/8" 10K flanged with BX169 ring groove

**T20:** -20°F to 250°F (-20°C to 121°C)

**NACE MR0175 / ISO 15156**

**Manufactured and tested to meet the intent of API 16A**
